The Sunshine Chari-thon 2021: <https://www.youtube.com/watch?v=oG-2nLYvJkQ>

In early 2022, Hong Kong experienced its 5th wave of the pandemic, resulting in a further downturn in the economy's performance. In February, the unemployment rate in several industries such as food, beverage, entertainment, beauty salons, tourism, etc... increased tremendously. Lots of families, especially amongst the grassroots and impoverished communities, were severely impacted by the economic hardship and the loss of income. Sunshine Action distributed over **2'600** Chinese New Year Fortune Bags in Jan 2022.

Following outbreaks in numerous districts, life in Hong Kong has been greatly impacted, with schools suspended and “work from home” policies reinforced. With daily cases in the three-digits, the city has been battling Delta and Omicron simultaneously, with these variants possessing longer incubation periods and higher transmission rates, the necessity for daily and pandemic supplies has increased exponentially, especially since pandemic restrictions were tightened and lockdowns further enforced.

Sunshine Action predicted the impact of the Omicron will peak between FEB-MAY 2022 in Hong Kong, so the **Mother's Day Sunshine Fortune Bags** have moved 3 months earlier to start in February. This will serve at least **10'000** low income families and elderly by partnering with over **140** local charity centers and food banks.

Even in such difficult times, Sunshine Action is determined to uphold its mission to “**feed the hungry and warm the abandoned**”. During the peak of the 5th waves of the outbreak in Hong Kong in 2022, Sunshine Action donated essential food, protective masks, and other anti-pandemic items to underprivileged families and individuals across different districts in Hong Kong.

◆ SUNSHINE ACTION 紅陽行動 ◆ Emotional Support Program

March-May 2022

March 2022 - The number of new Omicron cases in Hong Kong has reached over 50'000 per day with a majority being single elderly suffering in isolation and loneliness during the 5th wave. A recent HKU study suggested that the pandemic in Hong Kong has not yet reached its peak, and cases will be likely to soar proceeding Hong Kong's Universal testing. Hence it has become crucial for society to unite, helping each other through these hardships, especially as supermarkets, schools,... etc have shut down.

With a majority of elderly homes severely affected by the fifth wave, a group of **Sunshine Action volunteers** formed by parents & student teams from **英基白普理小學 Bradbury School ESF** & **英基英皇佐治五世學校 King George V School ESF** are pairing with 2 elderly centers to provide emotional support via zoom & phone calls on weekly basis for the next 3 months. Hopefully this will help these elderly in isolation.

SUNSHINE ACTION – Care or the Street-Sleepers & Homeless program

<http://www.sunshine-action.org/street-sleepers>

This has been our longest-running event and in 2022, two dedicated teams will be covering between 2 – 3 evenings over Kowloon and Hong Kong Island weekly.

Tuesday & Wednesday evenings are covered by small teams of 2-4 adult volunteers driving around the points where there are lower numbers of street sleepers. Friday evenings are usually covered by bigger team of students in the bigger concentrated areas in Sham Shui Po, Nam Cheong and Cheung Sha Wan.

Sunshine Action has been running this program non-stop since the beginning of the pandemic, and will be continuing in the future.

SUNSHINE ACTION – Long-term food support program

<https://sunshineactionold.netlify.app/ourwork/longterm.html>

As the unemployment rate has increased since the beginning of the pandemic, Sunshine Action has offered long-term food support to the low-income or poor cases for a minimum of 6 months up to 1 year and will continue to support if the case needs further help. These cases are referred by social workers and a team is dedicated to helping with delivery if the case suffers from several illness such as cancer or being severely handicapped.

Sunshine Action started this program in 2011, with a focus on tailor-made quantity and content according to beneficiaries' needs.

SUNSHINE AMBASSADORS 耀陽大使**

<http://sunshine-action.org/ambassadors>

In the midst of the pandemic, Sunshine Action has gone above and beyond to serve the homeless and other disenfranchised communities, partnering with over **140** charities and food banks, serving more than 13'000 low-income families and members of the elderly.

In order to further facilitate the activities of Sunshine Action, the **SUNSHINE AMBASSADORS 耀陽大使** have organized the Virtual Marathon, in line with the lockdown of sports facilities during the pandemic. All the proceeds would be used for continuing the operations of Sunshine Action.

In the face of the worst wave of COVID yet, Sunshine Action didn't falter, and instead quadrupled its workload, staying true to its promise of helping those in need. From the beginning of JAN 2022 to now, Sunshine Action with the **SUNSHINE AMBASSADORS 耀陽大使** donated the **Sunshine Fortune**

Bags, the long-term food support program and other items for the street sleepers and anti-pandemic items to the mentioned Charity centers and organizations.

During the first 2 years of the pandemic, several COVID variants of concern – Alpha, Beta, Gamma, Lambda, Delta & Omicron, etc. – have created a significant impact on living models of the population, especially on the barrier caused by several lockdowns, logistics crises, etc...

There are a group of specially vulnerable individuals who do not have any family support and lack social welfare support due to restrictions and limitations:

- Poor elderly
- Handicapped
- Single parents with young children

Different to the Metaverse that has a commercial purpose, the SunshineVerse 耀陽宇宙 focuses on creating a digital/virtual platform to support emotional aspects and possibly provide real support for medical or other services during severe lockdowns.

The main focus of the Sunshine Summer Interns in 2022 is the development of the SunshineVerse 耀陽宇宙

From FEB-MAY 2022, a group of 35 DBS Diocesan Boys' School 拔萃男書院 students joined this project including many Sunshine Ambassadors and created the basic concept. The SunshineVerse aims to solve some issues impacted by the COVID lockdown. ♦♦ 從 2022 年 2 月至 5 月，35位拔萃男書院的學生加入了這個指導項目，其中包括許多 耀陽大使，並創造了 SunshineVerse 耀陽宇宙 的基本概念。
